8TH ANNUAL CADA CONFERENCE

KEY ISSUES IN 2010

- AOD Funding
- Health Reform
- CA Medi-Cal 1115 Waiver Renewal
- Counselor Certification and Licensing
- CA Department of Corrections and Rehabilitation

This is a pivotal year for the AOD field in California. With a budget crises on the horizon, CADA needs to be out stomping the ground for the AOD field.

For the past seven years the field has come together to advance the cause of those who suffer the chronic disease of addiction. The need for partnership among providers, the recovery community, and state elected officials has never been more apparent nor more needed than now.

The need to contribute our expertise is mandatory if we want public policies that enhance recovery and facilitate the best practices in our field. Providers, consumers, and the recovery community need to be in Sacramento.
